**Re: Consistency Certification No. CC-018-07  
Foothill Transportation Corridor – South (SR-241 Toll Road)  
TCA Response to Coastal Commission Staff Report**

Dear Mr. Delaplaine:

The Foothill/Eastern Transportation Corridor Agency has reviewed the Staff Report released in September of 2007 and our formal response is attached herewith. As you know we have previously provided a hardcopy "redline" version of the Staff Report, however this submittal addresses not only factual errors, but includes discussion on the substantive issues raised in the Staff Report.

Please feel free to contact Valarie McFall, Acting Deputy Director of Environmental Planning at (949) 754-3475 if you have any questions.

Sincerely,

Tom Margro  
Chief Executive Officer

**Re: Completion of SR-241/Foothill-South Toll Road—CC-18-07  
Set for Public Hearing Wednesday, February 6, 2008**

Dear Chairman Kruer and Commissioners:

The Foothill/Eastern Transportation Corridor Agency (TCA), sponsor of the referenced project, has completed its response to the September, 2007, staff recommendation for the Consistency Certification for this project. You will recall that the public hearing on this item was postponed from the Commission's October, 2007, meeting to the February, 2008, meeting.

The staff recommends "objection" to the Consistency Certification. The TCA takes strong issue with the staff's analysis for a variety of carefully-considered, Coastal Act-based reasons.

Because the complete detailed response provided to your staff is quite voluminous, we are providing a copy of the enclosed Executive Summary for your review. We will be sending additional information as the public hearing approaches.

Sincerely,

Thomas E. Margro  
Chief Executive Officer  
Transportation Corridor Agencies

**Re: Completion of SR-241/Foothill South Toll Road—CC-018-07  
Set for Hearing February 6, 2008; Agenda Item W. 8. b.**

Dear Chairman Kruer and Commissioners:

Enclosed is a briefing book intended to introduce you to the Orange County Foothill/Eastern Transportation Corridor Agency's (TCA) proposed extension of SR-241, the Foothill-South Toll Road. This project has been submitted for your review in the form of a Federal Consistency Certification, scheduled for public hearing on February 6, 2008 (agenda item W.8.b.). The briefing book is also designed, in part, to respond to the staff recommendation on this project that was issued in advance of the originally scheduled October, 2007 public hearing, which was postponed.

We believe this information clarifies some of the misinformation that has been perpetuated about this important project. I hope you will have the opportunity to acquaint yourself with our project over the next several days.

Once the revised staff recommendation is published, we may supplement this document.

Sincerely,

Thomas E. Margro  
Chief Executive Officer  
Transportation Corridor Agencies

**Re: Completion of SR-241/Foothill South Toll Road—CC-018-07  
Set for Hearing February 6, 2008; Agenda Item W. 8. b.**

Dear Chairman Kruer and Commissioners:

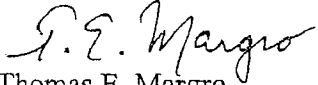

Enclosed is the Foothill/Eastern Transportation Corridor Agency's (TCA) formal Response to the September 2007 Coastal Commission Staff Report. We prepared this response prior to receipt of the revised staff report that was just issued last Friday; however, since there is little difference between the two, our response remains valid.

Over the past week, TCA has provided to you the Executive Summary of the enclosed response as well as our Briefing Book, both of which were intended to introduce you to the proposed extension of SR-241, the Foothill-South Toll Road.

The enclosed submittal provides rebuttal arguments and detailed discussion of errors contained within the September 2007 Staff Report, many of which are perpetuated in the current revised Staff Report. In addition, our response goes far towards correcting much of the misinformation that has recently surrounded this 25-year-long effort.

We understand that staff intends to modify its recommendation in a subsequent addendum next week. We will be responding to that modification as soon as possible.

Sincerely,

  
Thomas E. Margro  
Chief Executive Officer  
Transportation Corridor Agencies

Dear Chairman Kruer and Commissioners:

Last week I forwarded to your attention letters and comment cards that had been originally submitted to Commission staff in support of completing the SR-241 project. Enclosed with this letter is an additional set of material that has since been submitted to staff and also provides support for the extension of the SR-241.

I hope you will have the opportunity to review these latest letters of support prior to next week's hearing.

DATE: January 31, 2008  
TO: Chairman Patrick Kruer and Members of the California Coastal Commission  
FROM: Valarie McFall  
SUBJECT: Comment Cards / Website E-Mails / Letters Supporting the Completion of SR-241

---

Dear Chairman Kruer and Commissioners,

Enclosed is a copy of 4 comments cards submitted by supporters of the Foothill-South (SR-241) extension. Eighteen hundred similar comment cards supporting the completion of SR-241 were received by the Commission office; however, these are not included as part of this submittal.

Also included in this submittal are printouts of 100 e-mails sent from supporters to the Commission. More than 7,000 e-mails have been generated from the TCA website [www.RelieveTraffic.org](http://www.RelieveTraffic.org) supporting the completion of SR-241.

Lastly, this package includes copies of support letters sent directly to the Commission.
